

## MORE RESPONSES.

Mayors of Many Cities Will Co-Operate  
With New York.

World's Fair Sites to Be Visited by  
Officials To-Morrow.

The Committee on Legislation to Be  
Organized Friday.

From the fruit of Mayor Grant's sowing is  
being reaped a bountiful harvest.

In his mail-to-day he found letter upon  
letter from the executives of States and municipalities and Congressmen who had been  
invited by him to co-operate with the city of  
New York in making the Columbus Fair of 1892 a  
conspicuous success.

Here are a few of them:

Mayor Hart, of Boston, announces that he  
will lay Mayor Grant's request before the  
Common Council.

Mayor Werts, of Morristown, N. J., says  
that he will gladly co-operate with the Fair  
committees in any way that he can to ad-  
vance the success of the projected Expon-  
sition.

Mayor W. L. White, of Rockland, Me.,  
writes: "You can rely on such co-operation  
from this city as it would be possible to  
give."

Atlantic City Mayor, S. D. Hoffman,  
writes: "Whatever I can do I will gladly  
do."

Mayor Rowley, of Poughkeepsie, says: "It  
will afford me great pleasure as Mayor to do  
all in my power to aid you in your most  
laudable undertaking. The citizens whom I  
represent are in earnest sympathy."

Mayor Latrobe, of Baltimore, announces  
that he is sorry that he is in a position not  
to comply with Mayor Grant's request, as the  
citizens of Baltimore have expended thou-  
sands of dollars in the promotion of Wash-  
ington's pretensions to the Fair.

The Mayor today issued a call for a meet-  
ing to effect the organization of the Commit-  
tee on Legislation for Thursday at 3 o'clock  
P. M.

The Committee on Site will visit four of  
the proposed sites, beginning with Inwood,  
to-morrow.

Accommodations have been provided for  
reporters of the press in the special train,  
which will leave the Grand Central Station  
at 11:45 o'clock A. M.

## ATLANTIC CABLES BROKEN.

WESTERN UNION OFFICIALS RETICENT  
ABOUT A SERIOUS ACCIDENT.

News has been received from London that the  
two Western Union Telegraph Company's cables  
have broken in twenty fathoms of water off  
Flemish Cape on the American side.

It is rumored the cables may not be repaired  
before next Spring, owing to the difficulties in  
the way. Everything favoring, they cannot  
possibly be repaired, it is said, within a month.

The first time both cables have been broken  
at once. It will take a good deal of money  
to repair them.

At the Western Union Telegraph Building no  
information in regard to the accident could be  
obtained, the servants of the corporation being  
apparently afraid to speak and the officers being  
unwilling to.

At the Western Union Cable office, 10 Broad  
street, no news was received as to nothing had  
happened.

The Superintendent excused himself from giving  
any news of breaking of the cables on the  
ground that he was exceedingly busy.

The Western Union Cable Company is sending  
its dispatches, it is said, by cables belong-  
ing to other companies in the cable pool.

## TO FIGHT ENGLISH SYNDICATES.

American Brewers Propose Forming a  
Trust to Protect Their Industry.

Another Beer Trust is to be organized. It is  
proposed to enlist all American brewers in the  
enterprise with the object of fighting the En-  
glish syndicate which has recently been buying  
up American concerns. The capital of the new  
concern will be \$100,000,000.

The new American syndicate is to be a Na-  
tional affair and is to include among its mem-  
bers the proprietors of all the extensive brew-  
eries outside of those controlled by the English-  
men.

The preliminary steps have already been  
taken. The brewers of several large cities have  
formed local organizations and will come into  
the National syndicate as soon as it is formed.

Vice-President E. Merkel, of the Kraus  
Brewing Company, who is in Milwaukee  
from this city, is attending to the details of  
the stockholders of that concern, is the an-  
nouncement for the formation of the syndicate  
which is made.

It is said that prices will not be greatly  
affected, if at all, by the formation of the new  
Trust.

## THE COMPLETE SPORTING EXTRA.

As Usual It Came from the Office of "The  
Evening World."

So many and varied are the journalistic tri-  
umphs of THE EVENING WORLD that not upon  
every one of them can it pass self-gratulatory  
comment.

Not a few of these triumphs are achieved in  
connection with the daily Sporting Extra, and  
each one came on Saturday.

The Evening World Extra of that day, with  
its complete series of six great ball games, its  
scores of lower games, its report of the Amateur  
Athletic Union's events, its racing and general  
sporting news, was such a production as to de-  
light every patron, and came a feeling of just  
deserted triumph.

The Extra was a theme of admiring comment  
everywhere it went and it went to thousands upon  
thousands of readers.

## BANKER NILES HELD.

He Must Stand Trial for Letting a House  
to the "French Madame."

Nathaniel Niles, President of the Tradesmen's  
National Bank, who was charged with sublet-  
ting the premises at 40 West Twenty-ninth  
street to Mme. Parrot for immoral purposes, was  
held for trial to-day in Essex Market Police  
Court for trial to-day.

Mr. Niles's defense was that the house was the  
property of the bank and that it was necessary  
to let it in his name.

Rev. Dr. Rynance Resigned.

D. D. health has caused Rev. J. H. Rynance,  
D. D., to resign the rectory of St. Mark's  
P. E. Church, at Second avenue and Tenth  
street. Dr. Rynance has been rector of St.  
Mark's for nineteen years. Excessive labor at  
the age of sixty-one has exhausted him, and it  
is thought that the loss of his only son and  
death of his wife have also contributed to his  
decision. He has been tendered a lectureship in  
theology, involving no parish duties, which he  
may accept.

Colder, Clearing Weather Coming.

(OFFICIAL TO THE EVENING WORLD.)

WASHINGTON, D. C.,  
Sept. 16.—For Eastern  
New York: Rain to-  
day, followed by colder,  
clearing weather and  
northwesterly winds.

The weather to-day,  
indicated by Dakota's  
tele-thermometer:

1890. 1889. 1888. 1887.  
D. M. 10. 11. 12. 13. 14. 15. 16. 17. 18. 19. 20. 21. 22. 23. 24. 25. 26. 27. 28. 29. 30. 31.

Average for corresponding time last year, 50.6.

Sept. 16.—For Eastern  
New York: Rain to-  
day, followed by colder,  
clearing weather and  
northwesterly winds.

The weather to-day,  
indicated by Dakota's  
tele-thermometer:

## IN THE DRAMATIC WORLD.

GOSSIP PERTAINING TO MEMBERS OF THE  
THEATRICAL PROFESSION.

Miss Young's Grievance Against the Actors' Fund—Historic Carried Hopeful of the "King's Fool's" Success—Miss Baude's as a Church Member—How Bones Were Prepared for the Grave Scene in "Hamlet."

Everybody loves to hear grievances. Here  
is one: "In reference to the Actors' Fund  
committee to having notified every member by  
mail of the special meeting called at the Fund  
rooms last Monday," said Miss Ludski  
Young yesterday, "I would state that I, for  
one, was not notified, and when I inquired  
into the reason why I was told that they  
didn't get down to the Y's. This may ac-  
count in a measure for so many profes-  
sionals being out of employment  
just now. They are at the wrong  
end of the alphabet." Miss Young laughed,  
in spite of herself. Then becoming  
dramatic, she exclaimed: "Look to it here-  
after, O ye actors and actresses, that you  
select a non-de theatre the initial of which  
shall be so high up in the alphabetical order  
as to preclude the possibility of your getting  
"left" on that score."

Heinrich Conried is full of hope for his  
"King's Fool" this season. It has not yet  
been produced in this city, although some  
time ago it was pretty nearly arranged for  
presentation by Manager Duff at the Standard  
Theatre. Mr. Conried said yesterday that it  
would be heard at Niblo's in January. The  
citizens of Baltimore have expended thou-  
sands of dollars in the promotion of Wash-  
ington's pretensions to the Fair.

The Mayor today issued a call for a meet-  
ing to effect the organization of the Commit-  
tee on Legislation for Thursday at 3 o'clock  
P. M.

The Committee on Site will visit four of  
the proposed sites, beginning with Inwood,

## RUNAWAY GIRLS.

Three Norwich Misses Who Wanted to  
Go on the Stage.

Arrested at the Dock by One of  
Byrnes's Men.

After a Night in Prison They Return  
to Their Homes.

Three sweet little women from Norwich,  
Conn., who came to Gotham to see, went  
back to-day with two agitated but gratified  
fathers.

Lila Senay, whose father is a well-to-do  
liquor dealer in Norwich, is a sixteen-year-  
old brunette, beautiful to look at, and round  
and well developed.

Annie Waterman is the eighteen-year-old  
daughter of a painter. She is a strawberry-  
blonde of pronounced type, with a piquant  
nose and blue eyes.

Maude Wait is seventeen, with chestnut  
hair and brown eyes.

The two latter were weavers in a Norwich  
woolen mill and Lila was a saleswoman in a  
fancy goods store.

On Saturday night they conceived and car-  
ried into effect a declaration of independence  
by gathering their working dresses up into  
pouter parcels and embarking on the steamer  
City of New York for this town.

They made things merry on the boat over  
night, all three occupying the same state-  
room, but the fun ended when Brown, of  
Inspector Byrnes's staff, with a telegram from  
their parents in his hand, stopped them as  
they disembarked yesterday morning.

They were taken to the Jefferson  
Market Police Court, where they had to  
wait for their fathers, who were very close to  
their parents in his hand, stopped them as  
they disembarked yesterday morning.
